LAWS AND RULES

Ms. Packer presented a legislative update. She said that there is a current bill going through the Idaho legislature that would provide a Good Samaritan clause, House Bill 529. The bill has made it through the House and is on the 3rd Reading Calendar in the Senate. The clause would affect architects, engineers, and contractors by granting immunity for those who come to provide emergency services in the event of a disaster declaration in Idaho.

Mr. McQuade notified the Board of Executive Order 2020-01, Zero Based Regulation, and the process regarding the moratorium on rulemaking going forward. Ms. Packer stated that the Bureau would start with the Boards who have had the most recent statute changes. Other Boards would then be scheduled out from there. Each Board will have a full statutory review and full rules review. She told the Board that members

could add their ideas as to what statutes or rules they would like to discuss to the To Do List.

Ms. Packer informed the Board that it was slated to take its statute changes to the 2022 Legislature. Rules would follow in 2023.

The Board discussed concerns with House Bill 529. Mr. McQuade explained what the Governor can do in terms of waiving provisions, which is why it is in the civil immunity section about who is immune, not who can come in and practice.

Ms. Packer then suggested that the Board add to its To Do List to research the definition of an architect in an emergency.

FINANCIAL REPORT

Ms. Hall gave the financial report, which indicated that the Board had a cash balance of \$332,089.67 as of 1/31/2020.

BUREAU BUSINESS

The Board reviewed the To Do List and no action was taken.
